Transforming Lives Digitally

Incubation centre

We aspire to spread the principle of 'Think what you Do & Do what you think' among all and serve the youth. The Incubation Centre rigorously attempts to create an open and unbiased platform for students where they can freely give their ideas, brainstorm those ideas, and implement/develop them. They can face and learn from real-time challenges to achieve their aspirations.

Why choose us ?

Incubation center "Each One Teach One" principle. Those who use this method become industry-ready by developing their technical proficiency in a variety of domains. We think that via exchanging information, we can all push the bar for proficiency across the board.

Innovation

Encouraging participants to explore new ideas and technologies in the field of artificial intelligence.

Empowerment

Empowering participants to develop valuable skills and create their own AI solutions.

Future-Ready

Equipping participants with the knowledge and tools they need to thrive in a rapidly evolving technological landscape.

Introduction

Welcome to AI Explorers: Build Your Own ChatGPT Summer Camp! Dive into the fascinating world of artificial intelligence and machine learning in this exciting and hands-on camp experience.

Inspired by the renowned ChatGPT, participants will learn how to create their own chatbot from scratch, imbuing it with intelligence and personality.

Why Choose ML?

Hands-on Learning

Explore Cutting-Edge Technology

Project Showcase Opportunity

Course Content

Introduction to ML

Linear Regression

Mutiple Regression

Training & Testing

Types of ML Algorithm

Saving Model

One Hot Encoding

Introduction to Open AI

How to create own Chatgpt

Application Development

Fun Games

FUN GAMES

& Activities

Scrabble

Dumb Charades

Scavenger hunt

Name, place, animal, things

Mafia game

"Summer camp isn't just about making memories; it's about creating adventures that last a lifetime, from sunrise hikes to late-night bonfires under the stars."
